Subject: Rescue equipment

Dear Sir,

Last February we received through the activities from the “Werkgroep-Albanie-Vriezenveen” your gift for the fire brigade in Tepelena Albania.

The Holmato rescue tools were demonstrated by Bert Bolte.

We are impressed and grateful with this generous gift.

These kinds of tools are not available for us in Albania.

We hope there will be no need to use the equipment, but in case of an accident it can be of great use.

Again, we say thanks for your gift.

1x combitool model 2002

1x cutter model 2001

1x ram jack model 1040

1x hydraulic hose

Kind regards,

Commander of the Fire brigade Tepelena
